HUD Seeks Input on Low Income Housing Tax Credit (LIHTC) Tenant Data Collection Requirement

The Housing and Economic Recovery Act of 2008 (HERA) requires state agencies administering properties receiving LIHTCs to submit to HUD, not less than annually, certain demographic and economic information on households residing in such properties. This statute also requires HUD to establish standards and definitions for the information that state housing agencies must submit, and to provide them with technical assistance in establishing systems to compile and submit such information. A Notice was published in the March 30, 2009, Federal Register whereby HUD is seeking early input from applicable state agencies, and other interested stakeholders, on a methodology or approach to meet this statutory requirement. Interested parties have until May 29, 2009, to provide comments.
